

SIMPLY MORE SURF

BOOSTED SURF

Jetson™

JETSON™ SURF TECHNOLOGY

The **Jetson™ WAHOO FUN SHAPE BOARD** -*Patent Pending*- is the perfect way to start feeling what propelled surfing is all about. Due to its volume and width it's totally manueverable in the waves.

CONTROL PANEL

4 power levels to reach the propulsion needed for all surfing conditions.

SHAPE

Made by Marcos Slashboards, one of the most talented shapers in Europe that guarantees superior surf-board performance.

BATTERIES

Designed to optimize the weight and guarantee power to ride many more waves. Completely integrated on the board and easily removable for recharging the Lithium ion cells.

JET

Aluminum propeller with tested durable design to propel the board in all wind, water and rip currents surfing conditions.

8' | 22" | 3.5" | 21.00 lbs. - without battery.

*Warranty: 2 years

* The two years warranty covers all mechanical and electrical on the battery, charger and 8' Fun Shape board.
